The basic neck & face MLD course includes a mountain of technical and hands-on training, and I feel that even though this was a basic class, I have a great foundation on the subject. It was a fabulous course – well worth the cost of the class – even if you doubled it. I love Gay Lee's enthusiasm, and her passion for MLD and teaching is apparent. Highly recommended! I have taken many continuing education classes. This **by far has been the best**. M Mc Oakland 10-2011

***Gay Lee was fabulous** in explaining. She is motivating, very patient in the hands-on training. Her knowledge is fascinating. It was a lot of info to absorb in 3 days. B C, Oakland, 10-2011.*

Gay Lee is an **exceptional teacher**. Her feedback on technique is always helpful. Her handouts are great, excellent quality. She anticipates the students' needs, providing everything from sheets to snacks to water. All you need to do is show up and pay attention. I always **feel supported and encouraged** with Gay lee. I'm really glad I took this class. I F Oakland, 10-2011.

*Gay Lee is the **best instructor that I have ever had**. I went to UCLA and had many instructors. She is an inspiration to me as an instructor and a person. It was my pleasure to take her class. L C Oakland, 10-2011.*

I must tell you again you are **such a wonderful teacher and spirit**. And I really appreciate your patience. I truly want to master this work, it has such phenomenal results. Again.....**YOU ARE THE BEST!** THANK YOU!!!..... Love, J J Idaho, 7-2010

*Judy C. and I successfully **finished the Vodder training!** We had a great start with you for Basic in April this year. Thank you!! We thought of you many times throughout our training. (especially perfecting our strokes.... across, ahead, release, etc, etc...) Thank you for **getting us off to a great start!!** Do you have any plans to return to Idaho for another basic course? **I am trying to get my co-workers to begin training.** T W 2009*

Thank you for the beautiful and so helpful sequence cards. It was so kind of you. Thank you again for a wonderful week of learning, and for all of the learning materials included in the handbook.

I started to use MLD on my first client after the class. I . . . am doing the neck sequence without having to look!! I'm grateful for small progress. My clients just love it, as you said that they would. I will take Therapy I in November in Virginia Beach. **I can't say enough about how well you taught the material and how patient you were** as we all began this journey to learn the MLD technique. Wishing you many blessings ... Best regards, R M

*I just wanted to thank you again for **the wonderful class**. The information was great and your patience was greatly appreciated! Have safe travels and hopefully I will see you for the full body class! bon soir. I R*

Just an update - I have been practicing (yes Gay Lee, my thumbs are behaving :)...) and I have done a few at work... **its really fun!!! Totally different than working on a non-surgery patient though!** I miss the class, I think about our week together often... we pretty much were the greatest class ever! C W

*After the Basic, now that I'm rested up, I want to write and thank you again for such a wonderful training. What a pleasure to share time and technique with such a bright group of interesting women! In my mind, you will be singing the mantra "stand-up, across, sit-down, ahead, twist, release..." until the end of time, I think. Which is a very good and helpful thing! **You are an amazing teacher and I look forward to spending time in class with you again next year.** Take care, D D*

Thank you, thank you, thank you! You are so sweet! I LOVED the class and I did register for

the Advanced Neck & Face. I have been practicing on my clients. . . I'm finding though that most folks glaze over when I try to tell them the medical/health benefits of MLD for pre-surgery. I wanted to tell you I took an overview course of the LDT/Chikly and I really enjoyed the Vodder more. . . and you are mostly the reason! You have inspired me and put me on a new track with my career with the plastic surgeon. A P

*Thank you for all your hard work instructing us in the Vodder method of MLD. Your class was very informative and very easy to follow. I have already been able to incorporate it in three of my client's facials since I've been home . . . I think I will first do the advanced Neck and Face and **get certified**. I was looking for someone who performed the Vodder method in Colorado and found that [my] massage therapist is trained in the Vodder method here in Ft. Collins, so I will be getting a treatment on Wed. I can't wait! Again thank you, L S*

Thank you for all the energy you put into your class, **the passion that you have for what you do was so evident in your teaching**. I really enjoyed the MLD class and am practicing almost everyday.... :-) I am also planning to take the advanced class. D Y
